The Regent Villas

The Regent Villas are beautifully crafted homes, designed to give you the ultimate luxury of space and privacy. Each home delivers more space than any apartment can, whilst being extremely affordable.

Located just 10 minutes from Electronic City Phase 3 (Bommasandra Ring Road), accessibility to the key parts of Bangalore with the existing infrastructure is a breeze.

To top all this, the government has acquired land from our project to develop a 200' link road which will connect Hosur Road Highway, making not just the accessibility to The Regent Villas quicker, but also an excellent investment as the prices will sky rocket once this road is ready.

The Regent Villas is loaded with amenities so that your family, especially your children will enjoy their holidays and not need a reason to step out. Our CLUB MOJO offers all the luxuries like Spa, Sauna, Swimming Pool, Sports, Cafe and more to indulge in.

So what are you waiting for? The Regent Villas provides the right opportunity to show your loved ones you care.
